CLEANING CHEMICALS CATALOGUE

Industrial & Institutional Cleaning Chemicals | India

Sr. No.	Chemical Name	CAS Number	Indicative Indian 8-digit HSN	Common Packing Sizes	Typical Cleaning Application	Potential Buyer Industries	HSN Verification Status
1	Caustic Soda Flakes	1310-73-2	28151100	25 kg HDPE-lined bag	Alkaline cleaner; heavy-duty degreaser and detergent manufacture	Institutional cleaning formulators; industrial laundries; metal cleaning	Preliminary — verify exact form and current tariff
2	Caustic Soda Lye	1310-73-2	28151200	35 kg drum/can; IBC; tanker	Liquid alkaline cleaning and CIP systems	Food/beverage plants; paper mills; industrial cleaning formulators	Preliminary — verify concentration and current tariff
3	Soda Ash Light	497-19-8	28362020	25/50 kg bag	Builder and alkalinity source in detergents	Detergent makers; laundries; institutional hygiene suppliers	Preliminary — verify grade and tariff item
4	Sodium Bicarbonate	144-55-8	28363000	25 kg bag	Mild abrasive/odor control; specialty cleaning blends	Cleaning product formulators; facility-care suppliers	Preliminary — verify grade and intended use
5	Sodium Metasilicate	6834-92-0	28391100	25 kg bag	Builder, corrosion control and heavy-duty alkaline cleaner	Industrial degreasers; vehicle-care; institutional formulators	Preliminary — verify hydrate/form
6	Trisodium Phosphate (TSP)	7601-54-9	28352990	25 kg bag	Alkaline cleaning and detergent builder	Industrial maintenance; laundries; cleaning formulators	Preliminary — confirm exact phosphate salt
7	Sodium Hypochlorite Solution	7681-52-9	28289019	35 kg can/drum; IBC	Bleaching and surface disinfection (where permitted by label)	Housekeeping suppliers; hospitals; facility management	Preliminary — solution vs bleaching paste/powder matters
8	Hydrochloric Acid	7647-01-0	28061000	35 kg can; drum; tanker	Acid descaling and toilet cleaner manufacture	Sanitation product makers; industrial maintenance	Preliminary — verify concentration and intended use
9	Sulphamic Acid	5329-14-6	28111990	25 kg bag	Descaling and mineral deposit removal	Institutional descalers; hotels; industrial maintenance	Preliminary — confirm tariff subheading
10	Phosphoric Acid	7664-38-2	28092010	35 kg can/drum; IBC	Acid cleaner, rust/mineral scale removal	Metal treatment; sanitation formulators; food plant maintenance	Preliminary — concentration/grade to be checked
11	LABSA 96%	27176-87-0	34021190	220 kg drum; bulk	Anionic surfactant feedstock for detergents	Detergent manufacturers; contract formulators	Preliminary — classification may depend on product and tariff version
12	SLES 70%	68891-38-3	34023900	170–220 kg drum	Foaming surfactant in liquid cleaners	Dishwash, handwash and institutional cleaner manufacturers	Preliminary — verify surfactant identity/composition
13	Sodium Lauryl Sulphate (SLS)	151-21-3	34023900	25 kg bag	Foaming and wetting agent	Cleaning product formulators; specialty detergent makers	Preliminary — verify form and exact tariff item
14	Cocamidopropyl Betaine (CAPB)	61789-40-0	34024900	50/200 kg drum	Co-surfactant and foam booster	Handwash and general-purpose cleaner manufacturers	Preliminary — verify formulation and tariff
15	Nonylphenol Ethoxylate (NPE)	9016-45-9	34024200	200 kg drum	Wetting/emulsifying agent for industrial cleaners	Industrial formulators; maintenance chemical suppliers	Preliminary — environmental/regulatory restrictions may apply
16	Alcohol Ethoxylate	68439-46-3	34024200	200 kg drum; IBC	Nonionic surfactant for degreasing and low-foam cleaning	Institutional and industrial cleaner manufacturers	Preliminary — CAS varies by alcohol/EO range
17	Cocamide DEA	68603-42-9	34024200	50 kg drum	Foam stabilizer/thickener in selected cleaning formulations	Detergent formulators; specialty cleaning makers	Preliminary — verify identity, composition and applicable rules

CLEANING CHEMICALS CATALOGUE

Industrial & Institutional Cleaning Chemicals | India

Sr. No.	Chemical Name	CAS Number	Indicative Indian 8-digit HSN	Common Packing Sizes	Typical Cleaning Application	Potential Buyer Industries	HSN Verification Status
18	Fatty Alcohol Ethoxylate	Varies by grade	34024200	200 kg drum; IBC	Nonionic surfactant for grease removal	Industrial cleaner and detergent manufacturers	Unverified — CAS/grade-specific classification required
19	Sodium Laureth Sulfate (SLES)	9004-82-4	34023900	170–220 kg drum	Foaming surfactant in detergent blends	Institutional cleaner and detergent manufacturers	Preliminary — avoid duplicate identity confusion with item 12
20	Alpha Olefin Sulphonate (AOS)	68439-57-6	34023900	25 kg bag/drum; liquid grades vary	Foaming and detergency in cleaning blends	Detergent makers; institutional hygiene suppliers	Preliminary — verify powder/liquid grade
21	Isopropyl Alcohol (IPA)	67-63-0	29051220	160–200 kg drum	Solvent for hard-surface and equipment cleaners	Electronics, facility management, industrial maintenance	Preliminary — grade, denaturing and intended use matter
22	Ethanol	64-17-5	22071000	160–200 L drum; bulk	Solvent in selected cleaning/sanitizing products	Institutional formulators; facilities suppliers	Unverified — classification depends on denaturing, strength and use
23	Acetone	67-64-1	29141100	160 kg drum	Solvent for selected industrial cleaning/degreasing	Paint/coatings maintenance; industrial workshops	Preliminary — verify grade and use
24	2-Butoxyethanol (Butyl Glycol)	111-76-2	29094300	190 kg drum	Solvent in glass, floor and multipurpose cleaners	Institutional and industrial cleaner formulators	Preliminary — verify current tariff item
25	Propylene Glycol	57-55-6	29053200	215 kg drum; IBC	Solvent/humectant in selected formulations	Specialty cleaner and formulation manufacturers	Preliminary — confirm chemical identity; tariff item may differ
26	D-Limonene	5989-27-5	29021900	175 kg drum	Citrus solvent for grease and adhesive removal	Industrial degreaser makers; maintenance suppliers	Unverified — isomer/product composition needs review
27	White Spirit	8052-41-3	27101290	180 kg drum	Solvent for selected oil/grease cleaning	Industrial workshops; maintenance chemical suppliers	Unverified — petroleum product specification and tariff version matter
28	Ethyl Acetate	141-78-6	29153100	180 kg drum	Solvent for selected industrial cleaning applications	Coatings, printing and maintenance industries	Preliminary — confirm grade and intended use
29	Toluene	108-88-3	29023000	180 kg drum	Specialty solvent for industrial cleaning; controlled handling required	Industrial maintenance and coatings supply chains	Preliminary — flammable/toxic handling controls required
30	Methylene Chloride (Dichloromethane)	75-09-2	29031200	250 kg drum	Specialty solvent; use subject to safety and regulatory review	Industrial process/maintenance users with suitable controls	Preliminary — verify current tariff and restrictions
31	Benzalkonium Chloride (BKC)	8001-54-5	29239000	50 kg drum; 200 kg drum	Cationic surfactant; disinfectant formulations where authorized	Institutional hygiene and disinfectant manufacturers	Unverified — product concentration/formulation may change classification
32	Hydrogen Peroxide	7722-84-1	28470000	35 kg can/drum; IBC	Oxidizing cleaner and bleaching agent	Laundry, food plant and institutional cleaner formulators	Preliminary — concentration and stabilizers matter
33	Glutaraldehyde	111-30-8	29121990	25 kg can/drum	Specialized disinfectant/biocidal formulations subject to authorization	Healthcare and industrial hygiene suppliers	Unverified — mixture/formulation and permitted use must be reviewed
34	Chlorhexidine Gluconate	18472-51-0	38089400	25 kg can/drum	Specialized antimicrobial formulation ingredient	Healthcare hygiene and specialty formulators	Unverified — active ingredient vs prepared disinfectant distinction

CLEANING CHEMICALS CATALOGUE

Industrial & Institutional Cleaning Chemicals | India

Sr. No.	Chemical Name	CAS Number	Indicative Indian 8-digit HSN	Common Packing Sizes	Typical Cleaning Application	Potential Buyer Industries	HSN Verification Status
35	Pine Oil	8002-09-3	38059090	50 kg drum	Fragrance and cleaning ingredient in selected cleaners	Floor cleaner and institutional product manufacturers	Unverified — composition and product form need review
36	Sodium Dichloroisocyanurate (SDIC)	2893-78-9	29336990	25 kg drum/pail	Chlorine-releasing disinfectant ingredient	Water treatment and institutional hygiene suppliers	Preliminary — verify tariff item and product form
37	Trichloroisocyanuric Acid (TCCA)	87-90-1	29336990	25 kg drum/pail	Chlorine-releasing sanitizing ingredient; controlled handling	Water treatment and sanitation suppliers	Preliminary — verify tariff item and intended use
38	Calcium Hypochlorite / Bleaching Powder	7778-54-3	28281010	25 kg drum/bag	Oxidizing bleach and sanitation chemical	Water treatment; institutional sanitation suppliers	Preliminary — commercial calcium hypochlorite form matters
39	Peracetic Acid	79-21-0	29183090	35 kg can/drum; IBC	Oxidizing sanitizer in specialized systems	Food/beverage sanitation and industrial hygiene	Unverified — often supplied as a mixture; classify exact preparation
40	Sodium Chlorite	7758-19-2	28289030	25 kg drum/bag	Specialized oxidizing chemical; application-specific use	Water treatment and industrial process suppliers	Preliminary — confirm grade and applicable controls
41	Citric Acid Monohydrate	5949-29-1	29181400	25 kg bag	Descaler, chelant aid and pH adjuster	Institutional descaler and cleaning product makers	Preliminary — confirm hydrate/form and tariff
42	Oxalic Acid	144-62-7	29171110	25 kg bag	Rust and stain removal in suitable industrial formulations	Metal maintenance and specialty cleaning suppliers	Preliminary — verify grade and tariff item
43	Disodium EDTA	139-33-3	29224990	25 kg bag	Chelating agent for hard-water control	Detergent and industrial cleaner manufacturers	Unverified — salt/hydrate and tariff item need confirmation
44	Tetrasodium EDTA	64-02-8	29224990	25 kg bag	Chelating agent in alkaline cleaners	Industrial cleaner and detergent formulators	Unverified — confirm salt form and tariff item
45	Sodium Gluconate	527-07-1	29181600	25 kg bag	Chelant and scale-control aid	Industrial cleaner and detergent manufacturers	Preliminary — confirm grade and tariff
46	Carboxymethyl Cellulose (CMC)	9004-32-4	39123100	25 kg bag	Thickener/stabilizer in selected cleaning formulations	Detergent and specialty cleaner manufacturers	Preliminary — verify grade and exact tariff item
47	Urea	57-13-6	31021000	45/50 kg bag	Selected formulation/process ingredient; not a universal cleaner	Industrial formulation and process-chemical buyers	Unverified — fertilizer vs chemical-grade use/classification matters
48	Fragrance / Perfume Compound	Mixture / varies	Depends on composition	5–25 kg can/drum	Odor profile for floor, toilet and multipurpose cleaners	Cleaning product manufacturers; private-label formulators	Unverified — mixture composition and tariff classification required
49	Silicone Defoamer	Mixture / varies	Depends on composition	25–200 kg drum	Foam control in CIP, industrial and wastewater systems	Food/beverage plants; wastewater; industrial cleaner formulators	Unverified — formulation and chemical composition required
50	Cleaning Product Colour / Dye	Varies by dye	Depends on composition	1–25 kg pack	Product identification/appearance in formulated cleaners	Detergent and institutional cleaner manufacturers	Unverified — dye identity and preparation determine classification

CATALOGUE NOTES

Purpose: Trading/distribution planning catalogue for industrial and institutional cleaning chemicals in India.
HSN status: No code in this catalogue is represented as legally verified for a specific invoice. Codes are preliminary candidates only; several entries are deliberately marked unverified.
Verification method: Confirm exact tariff item against the current Indian Customs Tariff/CBIC materials and GST rate schedule, using product composition, concentration, grade, physical form, denaturing, and intended use.
Official reference: CBIC states that Customs Tariff headings/subheadings/tariff items are used for GST purposes. See the official CBIC HSN guidance and ICEGATE Trade Guide links below.
CBIC HSN guidance: https://cbic-gst.gov.in/pdf/press-release/Press-release-HSN-code-SAC-issue.pdf
ICEGATE Trade Guide: https://www.icegate.gov.in/Webappl/Trade-Guide-on-Imports
GST rate schedule: https://cbic-gst.gov.in/hindi/gst-goods-services-rates.html
Packing: Packing sizes are indicative trade formats and vary by supplier, concentration, transport rules, and customer requirements.
Safety: Use SDS/TDS, compatible containers, PPE, ventilation and local transport/storage rules. Never mix hypochlorite products with acids or ammonia. Handle flammable solvents and oxidizers separately.
Regulatory note: Disinfectant/biocidal claims, restricted ingredients, and hazardous chemicals may be subject to additional Indian rules. Confirm applicable permissions and labeling before sale/use.
Prepared on: 24 October 2026
